PRODUCTS & INSPIRATION S/S 2019

WWW.LITTLEPHANT.COM

WELCOME TO THE WORLD OF LITTLEPHANT

Littlephant is founded by me Camilla Lundsten, I'm also the designer of our products, author and illustrator. We at Littlephant believe in creating functional, clever and comfortable products for you, your kids and your home. Products that put a smile on your face. Products that encourage your creative thinking and that simplify your every day life. Our products are designed with a Swedish attitude, marrying our Scandinavian heritage with contemporary warmth and functional thinking. All decorated with unique patterns or characters from the world of Littlephant.

To us, caring for others and the world around us is essential. Therefore we believe in making high quality products that last. Therefore some of the profit goes straight to charity. Therefore the Littlephant products are only produced in factories that meet very high standards. And therefore all of our products are made with respect for the air that we breathe.

/ Camilla

HOME & INTERIOR

Your home should be where you feel most comfortable and at ease. Our aim is to inspire and assist you with high quality, long lasting products that will get you there in no time.

We believe that every purchase is an investment in your home and we want it to last, also for the sake of our environment.

This year we are introducing our first wallpaper collection.
We hope you will enjoy it!

WALLPAPER

Let us present our first Wallpaper collection, a collaboration with our beloved partner the Swedish Wallpaper factory Ulricehamns Tapetfabrik.

The first collection is a homage to our Scandinavian design heritage and created with three things in mind:

To bring true comfort to your home, to use climate clever, durable materials and to proudly carry on our Nordic traditions of production.

Everything is produced in tune with nature and made in Sweden.

Read our story on next page...

ULRICEHAMNS
—
TAPETFABRIK

A MAGICAL COLLABORATION

When we met the founders of the new Swedish Wallpaper factory Ulricehamns Tapetfabrik, it was love at first sight.

Anna Andén, CEO, and Thomas Johansson, Colour Master have been working in this magical factory since way back. It was built in 1985 and founded on the wallpaper-making traditions of the town Ulricehamn dating back to the 1850's.

The Factory, located by the lake Åsunden in the south of Sweden, is the most amazing, magical place bursting with tradition and knowledge. When these two seasoned professionals got the opportunity to buy the factory they managed to give it a new life by combining history and traditions with the most modern production technologies. By realising their dream, they ensure that this craft will carry on and prosper.

A NEW ERA - VISION AND PASSION

Anna and Thomas have created new visions and combined these with their expertise and years of experience from making the most beautiful pieces for your walls. All with great attention to details, truly wonderful quality and craftsmanship. They have brought new life and spirit into the buildings and machines. I have never met a person like Thomas who is as completely crazy as I am about finding and physically mixing amazing colours.

LITTLEPHANTS FIRST WALLPAPER COLLECTION

The first collection is a homage to our Scandinavian design heritage and created with three things in mind: To bring true comfort to your home, to use climate clever materials and to proudly carry on our Nordic traditions of production. The collection of ten wallpapers has a defined Littlephant attitude in both style and quality. Three of them are our classical prints; Fruit Garden, Aquatic and Waves, while the new designs Nobel Nymphs, Meadow and Fairytale Fox are launched for the first time.

OUR RELATIONSHIP TO NATURE

The colour scale is based on the natural colours from my habitat, the Stockholm Archipelago and the summer cottage from the 1890's where I grow up. At the time it was built using only natural materials. Ingredients like egg, linseed oil, water, feldspar, soap and pigment was used to mix paint, making the colour look and feel truly natural.

The soft, dusty shades of Blue, Aqua and Grey in our collection are inspired by the colours found in the cottage and by the nature and weather surrounding the islands. Somehow those honest colours always make people feel at home, no matter if you live in a city apartment or in a house on the country side. I guess nature have that effect on us.

OUR RESPECT FOR NATURE

The print colours used for our wallpaper production are all water based and toxic free and surplus colours are re-used. The paper we use is non-woven. A mix of FSC (Forest Stewardship Council) certified

paper from responsible sources and synthetic fibres from recycled pet bottles, which today is the best way to make a durable and long lasting product (possible to clean). Both for the sake of mankind and nature. It is ÖKO-Tex standardized with a certification of 100. The energy used for production is climate compensated.

So here we go! The first wallpaper for Littlephant in collaboration with people we believe in deeply, our beloved partner Ulricehamns Tapetfabrik. A true work of craftsmanship from all of us to you. Printed with traditional techniques and with colours and patterns from the world of Littlephant, designed by me.

/Camilla Lundsten

Designer and Founder of Littlephant

The wallpapers will be launched at littlephant.com and at selected stores during November 2018.

BOTH FOR THE SAKE OF MANKIND AND NATURE

The paper we use for our wallpapers is non-woven. It is a mix of FSC (Forest Stewardship Council) certified paper from responsible sources and synthetic fibres from recycled pet-bottles, which today is the best way to make a durable and long lasting product.

It is ÖKO-Tex standardized with a certification of 100. The print colours used for our wallpaper production are all water based and toxic free. Surplus colours are re-used and all waste from our production can be re-cycled.

Littlephant®
WALLPAPER COLLECTION

AQUATIC

Aquatic is inspired by the salty waters of the Mediterranean sea, with its white coral sand and the creatures living there. This pattern will for sure give you the feeling of traveling from the Amalfi coast to the French riviera. It is available in two colour combinations, a dusty aqua/blue and a white/dark grey.

Aquatic
Dusty Aqua
Art. no. 1469

MEADOW

Imagine a meadow where the tall grass is dancing in the wind creating a pattern, like poetry in motion. Nature has it all and this pattern is made to cover your walls and to create that everlasting flowing meadow in your home. Giving your room harmony through its rhythm and colours but also through the tactility of the printing technique. When the paint is absorbed by the paper it has a naturalness to it that one can't but love. Meadow comes in three colours, a dusty mid blue and a warm light grey and a calming mid grey.

Meadow

Dusty Blue
Art. no. 1474

FRUIT GARDEN

In 2015 our Fruit Garden pattern was launched and awarded the Swedish Elle Decoration Design Award for best fabric. Since then it's been one of our most popular patterns, with its organic shapes, rhythm and size. The pattern is a homage to Camillas Grandfather, who was a gardener and early on taught her about the importance of nature and how to respect it. The pattern will give you the magical feeling of having your own garden and it is available in a warm, harmonious grey colour.

Fruit garden
Grey
Art. no. 1470

MEADOW

Our classical pattern Waves was launched in 2011 in our home textile collection. It rapidly became a favourite and is one of our most loved and used style. Now it's finally available as wallpaper. It works wonders for both kids rooms and all other spaces in your home. It creates a natural flow to your room, giving it a very soft yet graphic touch and comes in a soft aqua or a light warm grey colour.

NOBLE NYMPHS

Every pattern has its story and this one is about the powers of the Noble Nymphs, a pattern playing with perceptions. At first sight you notice the poetic swans harmoniously floating in their pond. When looking closer under the surface, the Noble Nymphs are working their magic, making the water lilies grow, bringing energy to these waters and keeping them fresh and alive. It is a collaboration between the species, fairys, animals and nature in this wonderful imaginary world, whispering that true heroes are not always obvious. Noble Nymphs is available in an dusty aqua or a dusty blue colour.

FAIRYTALE FOX

Once upon a time there were fairymals living in the forests, creating myths and stories of the Nordic fauna and the creatures living there. Meet Fairytale Fox and his friends, let them bring you on adventures and inspire you to tell stories. This wallpaper gives you unlimited access to a beautiful imaginary world and we hope you will be inspired to come up with your own stories over and over again. The collection initially also offer porcelain mugs.

LAMPSHADES

Lampshades is a new product category for us and we are delighted to finally be able to make an interior accessory that is adding so much to the atmosphere of a room.

Our lampshades come in three different sizes in a variety of our classical patterns. Our fabric weave is dressing the exterior and the interior is covered in a mono tone fabric, reflecting light in the most humble way.

They will be in store during autumn 2019.

LAMPSHADES

Our lampshades are available in three sizes, small, medium and large, in a variety of our classical patterns. Our fabric weave is dressing the exterior of a high quality metal frame, making it both functional, comfortable and esthetic. The interior is covered in a mono tone fabric, reflecting the light in the most humble way.

Both the medium and large size lampshades have top lids (that can be removed) to prevent light from blinding you. The medium lampshade can hang from the ceiling or be mounted on a lamp base.

Product information:

Material	100% Littlephant fabric weave, metal frame.
Size

CUSHION COVERS & PILLOWS

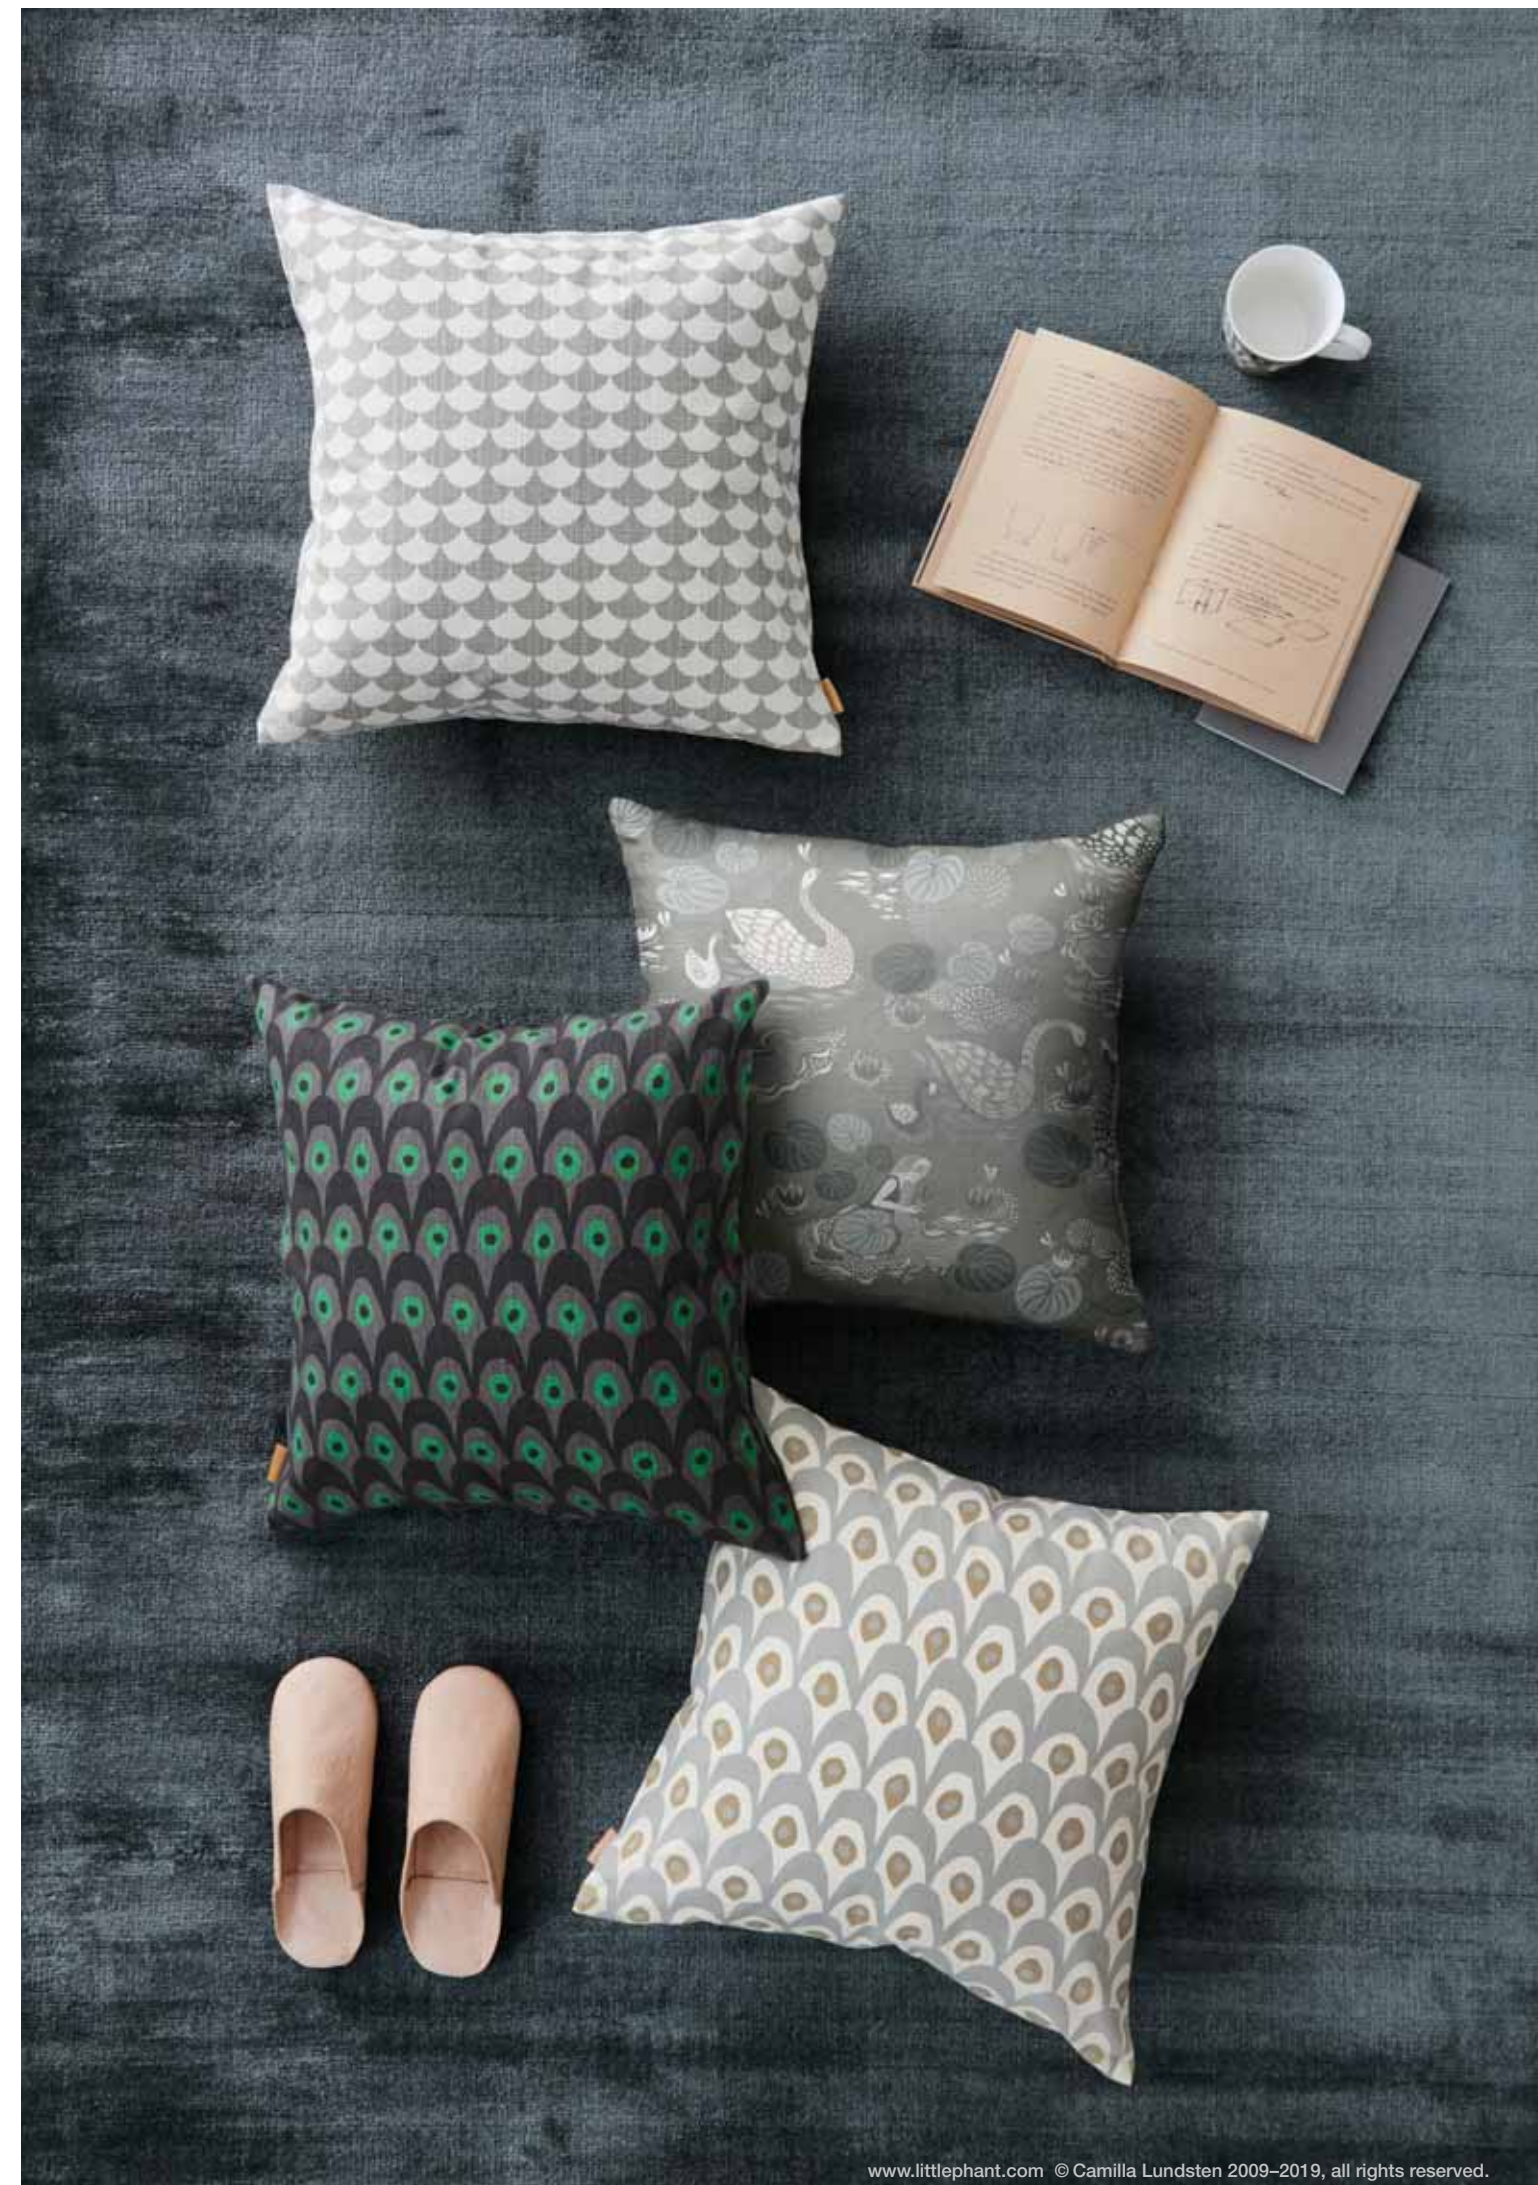

To give you more freedom of choice, we are step by step during this year, changing how you buy cushion from us.

Either you purchase a cover only or you choose our high quality and ethically guaranteed feather cushion to go with it, with the luxurious weight of 1100 gram.

You can actually buy just the feather cushion separately, to match all your other existing covers (a response to all the people asking us to sell it separately because of it's high quality and comfort, thank you for telling us!).

We think this freedom of choice makes our cushions both more environmentally clever and long lasting.

Mix and match them as you like.

LINEN CUSHIONS

We are launching our new soft 100% Linen quality for the new cushions and prints. The fabric has a great texture and feeling to it, letting our patterns age with grace. The weave reflects light beautifully and the colours are absorbed giving it a lively, natural feeling.

These designs are sold as cushion covers and you can choose to add an ethically guaranteed feather cushion to go with it, with the luxurious weight of 1100 gram.

Product information:

Material	Cover: 100% Linen Pillow: 100% ethical guaranteed feather.
Size	Small: 60 x 40 cm / 23,6 x 15,8 inches. Medium: 50 x 50 cm / 19,7 x 19,7 inches.
Durability	Both the cover and the pillow can be washed in machine at 30°. May shrink 6%.
Origin	Designed in Sweden by Camilla Lundsten for Littlephant.

FABRICS

The Littlephant fabrics are made of 100% high quality cotton or linen. We have developed the weaves to make our patterns age with grace and to stand the test of time.

The characteristic Littlephant patterns are designed by Camilla Lundsten with her touch of Scandinavian traditions and contemporary warmth.

We use our fabrics for both our bags, decoration cushions and for interior decoration and most of them are certified for upholstery.

LINEN FABRIC

We are launching a new beautiful, luxurious and thick Linen weave. The fabric has a great texture and feeling to it, letting our patterns age with grace. The weave reflects light beautifully and the colours are absorbed giving it a lively, natural feeling.
